# Novokhoporsk Vegetable Oil Processing Plant. Russia

# 1897

A plant with a century-long history of successful work!

More than 120 years ago in the town of Novokhoporsk, Voronezh region, Russia, a plant, now known as OOO ZRM Novokhoporsky, was launched.

Back in 1897, its daily press capacity was only 700-800 liters of oil. In 1990, the plant produced 50 tons of natural products per day.

Nowadays the company has changed:

- modern production equipment is installed in the workshops
- a new administration building, canteen and utility rooms are built
- the plant processes over 200 tons of sunflower per day
- retail shop is opened near the plant

Thanks to large-scale reconstruction and equipping of the plant with high-tech equipment, we have maintained the high quality of our products. That is confirmed by numerous awards of highest value won by our sunflower oil.

# Product advantages

What makes our vegetable oil stand out from the similar products on the Russian market:

Our oil is extracted exclusively by pressing method

High-quality 100% natural raw materials are used, without artificial additives and odors, without thickeners and preservatives

We do not use gasoline solvent extraction

We produce only virgin oil

We do not use reagents that artificially improve quality indicators

Our product is not blended with palm and other oils for cost reduction

# The taste of our sunflower oil is known throughout Russia

One of the largest industrial enterprises of the Voronezh region in Russia

OOO ZRM Novokhoporsky is a successful enterprise equipped with modern equipment and is one of the largest employers in the region.

Key focus areas:

- production of sunflower oil
- growing, purchasing, storing and processing of sunflower seed oil
- product sales in large and small bulk

A winner of prestigious tasting competitions

Thanks to the high professionalism and conscientious work of the employees of the plant OOO ZRM Novokhoporskiy is:

- winner of prestigious tasting competitions in Russia for many years
- multiple holder of diplomas "For high quality products"
- winner in the category "Enterprise of exemplary order"

We compete on quality, not quantity. We create a quality product

First of all, our team is focused not on expansion, but constant modernization of production. Our range of sunflower oils is in high demand among consumers seeking a healthy lifestyle.

The products of our plant are purchased by the oil and fat factories of Moscow, St. Petersburg, the Urals, Siberia and other regions of Russia.

# Production capacity

Our main priorities are 100% quality and sustainability!

Drying and cleaning equipment with a capacity of 600 tons of raw materials per day

Warehouses for floor storage of raw materials of 12,000 tons

Seeds winnowing machines with a capacity of 300 tons of raw materials per day

Oil presses with a total capacity of 70 tons of oil and 50 tons of sunflower oil cake per day

Boiler room on sunflower husk (gas) with a productivity of 10 m3 of steam per hour

Husk pellet mill with a productivity of 2 tons per hour

Warehouse of unrefined oil for 1000 tons

Railway Station base with a capacity of 400 tons of oil and 2000 tons of raw materials

Refining and deodorization workshop with a capacity of 60 tons per day

Warehouse of refined deodorized oil storage for 300 tons

Line for bottle filling:  
1 liter - 0.8 tons per hour,  
5 liters - 1 ton per hour

Storage base for 20,000 tons

Choosing the products of OOO ZRM Novokhopyorskiy, buyers can be sure of their natural high quality.
